2. SDR No. 02

3. SDR Date 10.25.05

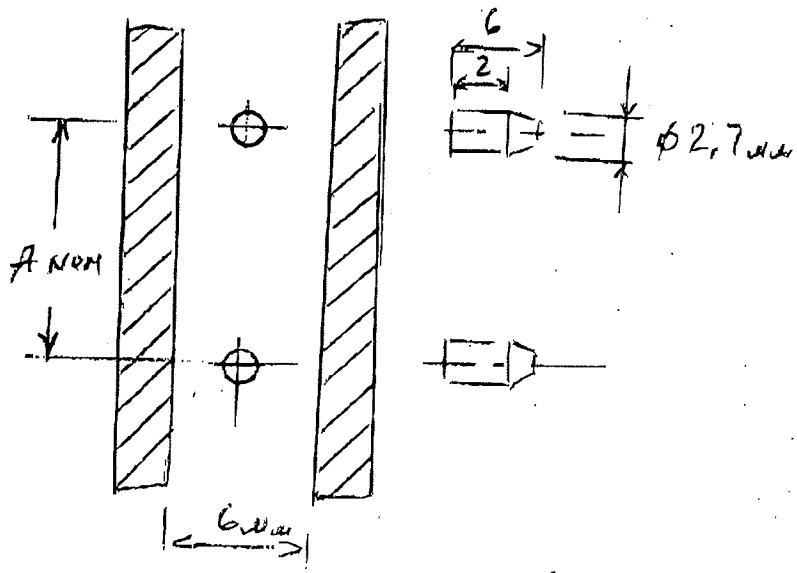
Hi-TECH manufacturing is asking permission to controle position of the threaded holes #6-32-UNC. 3.5mm ±.05 at the pole Base using special „Go" fixture (Sketch attached).



We are positive, that location of the threaded holes is correct, because it is supported by the absolutely uniform manufacturing procedure. That's why we ask permission to record hole location in each tenth pole.
